

ADJOURNED UNTIL MAY

Manitoba Assembly Delays Action on the Separate School Order.

DISCUSSION IS POSTPONED.

Premier Greenway Says the Action is Taken in Order to Give the Government Time to Consider the Legal Points Involved.

MONTREAL, March 28.—The general opinion here is that the present conservative government is tottering. The rumor is again revived that Hon. Clarke Wallace, the controller of customs, has also resigned. This would bring the number of resignations to three, and the men who are in the secrets of the party say that it should not surprise them if, under the circumstances, Hon. Mackenzie Bowell, the premier, would also resign.

WINDSOR, March 28.—There was a decided sensation at the close of the sitting last night, when the government announced that it would adjourn the legislature on Friday until May. This means that the remedial order cannot be discussed before adjournment. The government says that this action is taken in order to gain time to consider the legal points involved. Prendergast, the leader of the French Catholic party, pronounces it a scheme to force the Dominion government to take immediate action. He thinks the house will adjourn from time to time without discussion, until the Dominion government makes some decided move.

Premier Greenway says that the remedial order is too important a matter, involving as it does two great vital issues, to be dealt with precipitately by the house, and it therefore desires to take ample time to become thoroughly acquainted with the whole range of the subject. The government has already opened communication with eminent constitutional lawyers and submitted to them for their advice some of the chief points affecting the jurisdiction of the legislature regarding schools. The opinions of these gentlemen will doubtless have a bearing on the policy to be adopted by the government before the house reassembles in May. It is thought by some local politicians that the early dissolution of the Dominion parliament may be one of the possible results of the adjournment of the legislature.

Discovered a Rich Gold Mine. HERMOSILLA, Mex., March 28.—G. P. Wilson and Frank Middleton, two young mining engineers from Pennsylvania, left here a few weeks ago for the Yampi Indian country on a prospecting expedition. Mr. Middleton has just returned and reports that they discovered a very rich gold mine, which was being worked in a primitive way by the Indians. The Yampis, upon learning the object of their visit, drove them out of the country. Mr. Wilson objected to going and was seriously wounded. He was left at a ranch west of here to be cared for.

Socialists After the Emperor. BERLIN, March 28.—The Vorwarts says that the Socialists have resolved to demand, when the estimates come up for their third reading, that the reichstag take action upon the dispatch which Emperor William sent to Bismarck when he was informed the reichstag had refused to grant the request of Herr von Lewitzow, president of the reichstag, that the house authorize him to congratulate Prince Bismarck on his behalf, on his birthday.

Passed the Howard Bill. ST. PATTI, March 28.—By a vote of 48 to 36 the senate today passed the Howard bill, raising the age of consent to 18 years.

Desperadoes Shot Down. FORT WORTH, Tex., March 28.—Two desperadoes, known as "Slaughter King" and "Saddlers," two desperadoes for whose capture there is a heavy reward, were shot and killed by a deputy United States marshal at Illinois, Cherokee nation.

Shot While Robbing a Store. LOUISVILLE, March 28.—Tom Owens was shot by Warren Vaughn while trying to rob O. M. Watkins' grocery store. His wounds may be fatal.

Stricken Very Suddenly. MARSHALLTOWN, March 28.—George Wells, mayor and leading banker of Fairfield, died suddenly.

TEXTILE STRIKE DECLARED OFF.

Manufacturers Threatened to Close Down For An Indefinite Period.

PROVIDENCE, March 28.—All danger of a strike in the textile industries of Rhode Island is over, for the present at least, owing to an unexpected move on the part of the Rhode Island Manufacturers' club.

When the operatives arrived at the factory they found a notice posted in every mill stating that the manufacturers would close their factories April 8 for an indefinite period, or until the operatives were willing to accept the existing terms, unless they ceased their threatening. The operatives were also warned to end the strike in a Weybosset mill. The notice caused an intermission among the employees and the union officials at once decided to call the strike off at the Weybosset mills Nos. 1 and 2. The strike at the Manton mill was also declared off by the union and Proprietor Kimball's compromise offer was accepted. The mill will open up in full.

Two Reports on Blacklisting.

DENVER, March 28.—The house committee appointed to investigate the alleged blacklisting of strikers by the railroads has submitted two reports. The majority report, stating that railroad companies do not exchange blacklists, has been adopted by the house. The minority report, stating that a blacklist is virtually in effect, was supported by all the Populist members of the house except one.

General Strike in Belgium.

GHEST, March 28.—At a meeting of socialists held here it was decided to commence a general strike on receiving the signal from the general council at Brussels.

TUG WENT TO THE BOTTOM.

All the Crew But One Picked Up by a Passing Vessel. NEW YORK, March 28.—The tug Mary A. Packer, of the Lehigh Valley Railroad company, was sunk in the bay at 9:30 a. m. off Red Hook. All hands are supposed to be lost. The Packer carried a double crew of 10 men. When the government boat Nimrod sighted her she appeared to be deserted. The Nimrod blew for assistance, and the tug L. L. Tibo responded. The Tibo made fast to the Packer, but in consequence of the heavy winds, was unable to tow her and she sank. All that is visible of the tug now is the smokestack and the upper part of the deckhouse. It is supposed that the crew in attempting to escape were drowned.

The Lehigh Valley company have received a telegram from Captain D. T. Cross of the tug Mary A. Packer stating that all the crew were saved, with the exception of James Kelly, a deck hand, who was drowned. The rest of the crew were picked up by a passing tug and landed in Hoboken.

Pittsburg Building Collapsed.

PITTSBURG, March 28.—The factory malhous at Fairview's brewery collapsed at 7 a. m. The weight of the grain stored on the upper floors caused the disaster. The loss will be \$15,000. Everyone in the building escaped, but there are grave fears that several passing pedestrians may have been caught and crushed under the wreck and an investigation is now in progress.

Sank in the Chop Tank River.

CAMBRIDGE, Md., March 28.—The sloop John H. Thomas, bound for Denton, sank in the Chop Tank river off this point yesterday afternoon. James Jones, colored, one of the crew, was drowned, and Captain James R. Stane and wife had a very narrow escape.

New York Village in Ashes.

CANASTOTA, N. Y., March 28.—The entire business part of this village and thirty dwellings were burned today.

MINEER KILLS AN OTTUMWA OFFICER.

MURDERER TAKEN TO THE PENITENTIARY TO AVOID LYING. OTTUMWA, Ill., March 28.—Officer Ed Graves was shot through the heart and instantly killed by Fred Pietzmer, a mineer. Graves went to the house of the coal digger to stop a family row. Officers took the murderer to the penitentiary at Fort Madison to avoid lynching.

Streit Was Murdered by His Son.

FORT SCOTT, Kan., March 28.—The mystery of the murder of Stewart Streit on his ranch four miles east of this city on the night of March 19 was today solved by disclosures made by the wife of Streit, a son of the murdered man, to the effect that her husband had committed the crime. The old man was felled to the floor as he sat smoking before his hearth by a blow on the head and his throat was then cut with a knife.

Philadelphia Flaglets Convicted.

PHILADELPHIA, March 28.—The jury in the case of Charles McKeever, Charles McCarthy and Jack Fogarty, charged with engaging in a prize fight, came in with a verdict of guilty. This will put an end to boxing contests in this city, as this was a test case.

Will Enter the Military Academy.

WASHINGTON, March 28.—Forty of the candidates for admission to the military academy have successfully passed the recent examinations and will enter the academy in June next. Among the number were: George A. Simmonds, Cresco, Ia.; Norton W. Stickle, Louisiana, Ia.; Albert G. Bietmann, Louisiana, Kan.; E. H. Humphrey, Omaha, Neb.

Exchanged Consulates.

WASHINGTON, March 28.—The president appointed Carl Bailey Hurst of the District of Columbia consul at Prague, and Charles Jones of Wisconsin at Creffield. Mr. Hurst was consul at Creffield and Mr. Jones consul at Prague and the men have exchanged consulates.

Yankton Reservation Land.

MINNEAPOLIS, March 28.—J. C. Adams of Cresco, Ia., chairman of the Yankton commission, telegraphs The Journal that the state of South Dakota will be unable to seize 50,000 acres of land, soon to be opened on the Yankton reservation. The state will attempt to relinquish 50,000 acres of poor land elsewhere and take that amount on the reservation for its school fund, making its selection by the public can get on the ground. Mr. Adams says the treaty with the Yanktons distinctly guards against this.

PROPOSED MONETARY CONFERENCE.

Belief Expressed That the Movement Will Amount to Nothing.

WASHINGTON, March 28.—In regard to the point that delegates from the United States to an international metallic conference could not be commissioned under the Wolcott amendment unless the call was made to provide for a conference for the establishment of free coinage, it is recalled that in outlining the purpose of the proposed conference, the manager of the present law is the same as that under which the Brussels conference of 1892 was held, and that, while the first instructions of this government to its delegates in that conference were to secure free coinage, if possible, they were authorized to use their own judgment in the matter, and in failing to secure international metallic, they were advised by the then secretary of state, Hon. John Foster, "the next important duty will be to secure, if possible, some action upon the part of European countries looking to a larger use of silver as currency."

There are some public men here who do not believe that any conference will be called. Judge Holman is among those who hold this opinion. He said today that the movement would amount to nothing. There was a story current today that in case the president should decide not to complete the commission provided for in the sundry civil bill, his delegates appointed by the senate and house could attend the conference regardless of his action, but this appears to be based upon the merest surmise, as none of the senate or house appointees, who alone could be adequate authority for such a statement, are in the city. Judge Culberson, one of the house delegates, remained in the city until today, but his friends say that he has never contemplated attending the conference and hence that might be called independently of the action of the president.

NEW SYSTEM OF PRISONS.

Plan For a National Penitentiary at Fort Leavenworth. WASHINGTON, March 28.—In making provision for the transformation of the military prison at Fort Leavenworth, Kan., into a national penitentiary, as congress directed by the system has been inaugurated by the government, which it is believed will in time lead to a complete change in the method of caring for United States criminals. The system now in vogue is to locate the federal convicts in the various state penitentiaries, wherever the best terms can be procured, and it has become difficult to find a lodgment for them since the enactment of the law prohibiting these convicts from engaging in any employment which will bring the product of their labor into competition with the product of free labor.

The Fort Leavenworth prison will accommodate about 900 convicts, but it is probable that if the experiment proves successful other similar institutions will be established. Congress a few years ago enacted a law providing for three national prisons, to be located, one in the east, one in the west and the third near the center of the country, but the law proved a dead letter, as no appropriation was made for carrying it into effect.
